Why outsourcing your electronic statements makes sense

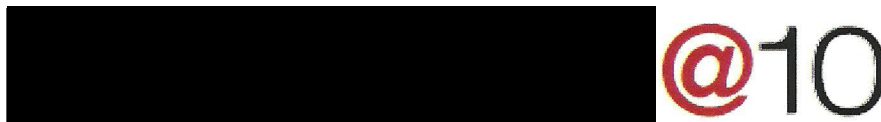

Security, stability, and power are what [REDACTED] can offer you. Our [REDACTED] suite is a one-stop shop for transactional Presentment, Payment and Distribution solutions featuring seamless integration with our print output capabilities.

**Piece of mind** - [REDACTED] is one of the nation's largest, most advanced private data centers. Designed for data security, stability and redundancy, [REDACTED] operates 24/7/365.

**Reduced headaches & costs** - Using a single vendor for both your electronic and printed document needs can eliminate administrative overhead, manage cost reduction, provide consistency and virtually eliminate the need for additional hardware and software.

**Gain customer attention** - Cross-sell and up-sell programs across all delivery channels using our technologically advanced messaging capabilities – straight from your desktop - enhances your relationship with customers and reduces call center volume for billing and statement concerns.

Celebrating over a decade of experience in electronic solutions, [REDACTED] is the premier choice for outsourcing your electronic transaction needs. If you would like more information on [REDACTED], please contact [REDACTED] or call [REDACTED]
