If you don't want the hanging loop, you can break off and weave in the ends here. If you do want the loop, continue as follows:

Turn your work so that the wrong side is facing you. Sl-st in next st (this is actually the last sc you made in R5 before joining). Ch until desired length. Sl-st in next sc (this is the second-to last sc you made in R5). The loop should be centered between two picot corners. Break off and weave in ends.

Stiffen as desired.
